

EXPERIENCE

Award-winning PreK-12 cross-curricular content, grab-and-go lessons, pre-made quizzes, and instructional tools—all in one platform

Support Daily Teaching

A screenshot of the 'Assignments' management interface. It shows a summary of 158 total assignments, 0 active, and 0 upcoming. Below is a table with columns for Assignment Name, Class, Status, Type, Start Date, Due Date, and Completion. A small robot character with red glasses and a white body is positioned in the bottom left corner of the screenshot.

Assignment	Class	Status	Type	Start	Due	Complete
Lesson 3: Design	Champs with Cramps	past	Slideshow	Jul 24, 2020	Jul 31, 2020	0/5
	Champs with Cramps	past	PDF Activity	Jul 24, 2020	Jul 25, 2020	0/5
	Champs with Cramps	past	Full Video	Jul 24, 2020	Jan 30, 2021	0/5
	Champs with Cramps	past	Video Segment	Jun 25, 2020	Jul 31, 2021	1/5
	Champs with Cramps	past	Full Video	Jun 18, 2020	Jun 30, 2020	0/5
	051420 CLASSROOM	past	Video Segment	May 14, 2020	Mar 31, 2021	
	051420 CLASSROOM	past	Board	May 14, 2020		

Deepen Student Learning

A screenshot of a video player showing a lesson on common nouns. The video frame displays the text: 'otherwise it's a COMMON NOUN like octopus or fork'. To the right of the video is a quiz interface with a question: 'A noun is a person, place, or thing. Which of the following is a noun?' and four options: A. action., B. name., C. thing., D. animal.

Create Instructional Excitement

A screenshot of the 'Channels' selection interface. It shows a grid of channel cards for Scripps News, Sesame Learning, Vooks, and Outrageous Acts of Science. Each card includes a channel logo and a brief description.

EXPERIENCE

Easy and effective classroom implementation strategies

Support lessons each week

Access and **use digital resources** that support lessons **at least 1x per week** & regularly incorporate tools into classroom instruction

Regularly check for understanding

Use **quizzes** and **formative assessments**, paired with timely feedback, to scaffold instruction & build on students' prior knowledge

Engage in professional learning

Educators use and apply embedded evidence-based **instructional strategies**, **professional learning** activities, and **point-of-use supports**

Usage = impact! In a Tennessee study, 66% of high-use students met reading benchmarks and 70% met math benchmarks, compared to 50% of low-use students meeting benchmark for both reading and math. [Learn More](#)
